The following training programmes as per the approved Action Plan may be conducted during the month of August 2020. The concerned training experts are directed to conduct the training programme in consultation with their Assistants.

FARMERS & FARM WOMEN

S.no	Thematic Area	Title	Dur. (days)/ Month name	Venue	Name of Expert
A	Horticulture/Floriculture	Plant propagation	03 July	campus	Dr. J.A. Baba Dr. Govhar
1		Propagation by Budding and its importance in fruit production	03 July	campus	Dr. J.A. Baba Dr. Govhar
2	Quality Improvement	Techniques to improve fruit colour in apple	03 Aug	campus	Dr. J.A. Baba Dr. Shah Nawaz
3	Pot plant management	Scientific management of pot/ house plants	01 Aug	campus	Dr. Gazanfer Dr. Shujat
4	Production management	Production technology of aromatic plants on commercial scale	01 Aug	campus	Dr. Gazanfer Dr. Govhar Dr. Towseef
B	Livestock Production				
5	Disease management	Awareness programme on economically important diseases (Mastitis, Repeat Breeding)	01 July	campus	Dr. Rates
6	World Zoonosis day	Awareness programme on zoonotic diseases for school children	01 July	campus	Dr. Rates
7	Fodder management	Preservation of fodder through hay and silage making	06 Aug	campus	Dr. Rates
C	FST//PHT/ Home Science				
8	Value addition	Demonstration on preparation of apricot jam	01 July	campus	Dr. Musarat Dr. Jifaf Dr. Towseef
9	Value addition	Demonstration on preparation of apple jam	01 Aug	campus	Dr. Towseef
D	Plant Protection				
10	IPM	Management of apple diseases under extreme weather conditions	01 July	campus	Dr. Zaffar Dr. Shah Nawaz
11	IPM	Impact of climatic change on insect pests surveillance and damage	01 July	campus	Dr. Shah Nawaz Dr. Zaffar
12	IPM	Management of white grub in High Density orchards of district Pulwama	01 Aug	campus	Dr. Shah Nawaz Dr. Zaffar
13	IPM	Integrated pest management of sucking insect pests of apple and other fruits	01 Aug	campus	Dr. Shah Nawaz Dr. Zaffar
14	IPM	Saffron cultivation and management of corn rot in saffron.	01 Aug	campus	Dr. Zaffar
E	Soil Health and Fertility				
15	Soil & Leaf testing	Importance of soil & leaf testing before doing any Agr/Horti operations	03 July-Aug	campus	Dr. Shujat
F	Bee Keeping	Seasonal Management of Honey Bees	01	campus	Dr. Z.A. Badi Dr. Shah Nawaz Dr. Towseef

(P.T.O)

Dr. Musarat

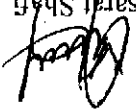

TRAININGS FOR RURAL YOUTHS

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	FST/ PHT/Home				
1	Women and Childcare	Awareness camp on health hazards of unhygienic condition on child health	01 July	On Campus	Dr. Musarat Dr. Iffat Dr. Towseef

TRAININGS FOR EXTENSION PERSONNEL

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Orientation				
1	Seed Production	Seed production of important vegetable crops	03 July	Off-campus	Dr. Ruksaar
2	Design and development of low/minimum cost diet	Demon. On low cost nutritious recipes for pregnant and lactating mothers	02 Aug	On Campus	Dr. Musarat Dr. Iffat Dr. Towseef
3	Women and Childcare	Awareness and prevention regarding malnutrition among children	01 July	On Campus	
C	Fruit Science				
3	Orchard Management	Nursery to harvest: improved practices in managing fruit crops	03 July	On Campus	Dr. J.A. Baba

No:- Au/KVK/ETC/Tech/478-90
Dt:-02-08-2021

The following training programmes as per the approved action plan may be conducted during the month of June 2021. The concerned training experts are directed to conduct the training programme in consultation with their assistants.

S.No.	Thematic area	Training Course Title	Dur. days	venue	Team members
A	Olericulture				
1	Production Mgmt.	Pollination Management in cucurbits	03	Off campus	Dr.Ruksaar Dr.Shahnawaz Dr.Gazanfer
2	Disease management	Awareness programed on economically important diseases (Brucellosis, FMD)	03	Off campus	Dr.Raies
C	Home Science/PHT				
3	Women and child care	Importance of balanced diet for adolescent girls	01	On-campus	Dr. Musarat
D	Plant Protection				
4	IPM	Awareness about use of non-chemical methods in vegetable pest management.	01	On-Campus	Dr. Zaffar Dr. Shahnawaz
D	Soil Health and Fertility				
5	Nutrient management	Visual identification of nutrients deficiencies and their management	03	Off-Campus	Dr. Shujat Dr. J.A. Baba Dr. Gazanfer
Training for Rural Youth					
A	Horticulture Production				
1	Nursery raising	Nursery raising techniques for quality planting material	03	On-Campus	Dr. J.A. Baba Dr. Gowhar Nabi
B	Olericulture				
2	Nutrient mgmt.	Role of Micronutrient in vegetable production	03	On-Campus	Dr.Ruksaar Dr. Shujat Dr Gazanfer
C	Livestock Production				
3	Value addition	Value addition of milk	03	On-campus	Dr. Raies Dr. Fawseef
D	Home Science/PHT				
4	Women and child care	Awareness programme on drugery reduction in collaboration with COAT	01	On-campus	Dr. Ifrat Ghani Dr. Towseef
Trainings for Extension Personnel during					
A	Olericulture				
1	Prod. management	Recent Techniques in vegetable production	01	On-Campus	Dr.Ruksaar Dr.Z.A.Badri Dr.Shahnawaz
B	Soil health and fertility				
	Nutrient use efficiency	Foliar application of nutrients in improving fruit quality and shelf life in apple	01	On-Campus	Dr. Shujat Dr.J.A.Baba
Vocational trainings during					
A	Home Science/PHT				
1	Entrepreneurship and processing	Training on Bakery production	10	On-Campus	Dr. Musarat Dr. Ifrat Dr. Towseef

The following training programmes as per the approved Action Plan may be conducted during the month of April, 2021. The concerned training experts are directed to conduct the training programme in consultation with their Assistants. The monthly report of these programmes along with photographs may be submitted to this office positively on April, 2021.

Training for Farmers/ Farm Women during

S.No	Thematic area	Training Course Title	Duration	Venue	Team members
A	Crop Production	Scientific method of raising paddy nursery under protected cover with recommended seed rate	03	Off campus	Dr. Shujat Dr. Z.A. Badri Dr. Gazanfer
B	Horticulture Evolution	Nutrient deficiency and their management	03	Off campus	Dr. J.A. Baba
C	Floriculture	Lawn making and its management	03	Off campus	Dr. J.A. Baba
D	AGRO-FORESTRY	Income generation	03	Off campus	Dr. Gazanfer
E	Home Science/PHT	Ecological and economical importance of Agroforestry trees.	01	Off campus	Dr. Gowhar
F	Plant Protection	Minimization of nutrient loss during processing	03	Off campus	Dr. Musarat Dr. Iffat Dr. Towseef
G	Soil Health and Fertility	Importance of Pollinators in fruit production and awareness about their conservation.	03	Off campus	Dr. Z.A. Badri Dr. Shah Nawaz
H	Production and use of organic products	Organic vegetables farming and its scope in present scenario	03	On-Campus	Dr. Shujat Dr. Shah Nawaz Dr. Rukhsar
Training for Rural Youth during					
A	Floriculture	Production management			
B	Home Science/PHT	Production of cut flowers & their role in doubling the farmers income	03	On-Campus	Dr. Gazanfer Dr. Gowhar
		Designing and development for high nutrient efficiency diet	01	On-Campus	Dr. Musarat Dr. Iffat Dr. Towseef
Vocational trainings for rural youth					
A	Floriculture				
1	Production mgt.	Disorder management in important vegetable crops	03	On Campus	Dr. Rukhsar
2	Nutrient mgt.	Role of Micronutrient in vegetable production	03	On Campus	Dr. Rukhsar Dr. Shah Nawaz

The following training programmes as per the approved Action Plan may be conducted during the month of May, 2021. The concerned training experts are directed to conduct the training programme in consultation with their Assistants. The monthly report of these programmes along with photographs may be submitted to this office positively on May, 2021.

S.No.	Thematic area	Training Course Title	Dur. days	venue	Team members
A	Crop Production				
1	Production Mgmt.	Awareness among Farmer community for transplanting paddy seedling as per SKUAST-K recommendation	03	Off campus	Dr. Shujat Dr. Z.A. Badri Dr. Rukhsar
B	Horticulture Production	Nutrient management			
1		Importance of time, proper placement, and balanced application of fertilizers in Horticulture Crops	03	Off campus	Dr. J.A. Baba
C	Floriculture				
1	Landscaping	Management of pot/house plants	01	Off campus	Dr. Gazanfer Dr. Shujat Dr. Shahnavaz
2	Nursery Mgmt.	Nursery raising of summer annuals/seasons	03	Off campus	Dr. Gazanfer Dr. Shanavaz
D	AGRO-FORESTRY				
1	Environmental pollution	Extension approaches for managing Flying cotton of poplars.	02	Off campus	Dr. Gowhar Dr. Rukhsar
2	Climate change	Effect of climate change on wild fruits.	01	Off campus	Dr. Gowhar
E	Home Science/PHT				
3	Design and development of high nutrient efficiency diet.	Demonstration on nutritious packed lunch recipes for school going children	03	On-campus	Dr. Musarat Dr. Iffat Dr. Towseef
F	Plant Protection				
1	IPM	Identification, monitoring and management of different insect pests on apple and other fruits in the changing climate scenario.	03	OFF-Campus	Dr. Z. A. Badri Dr. Shahnavaz Dr. Gowhar
G	Soil Health and Fertility				
1	Nutrient management	Importance of micro-nutrients in fruit/field crop	03	On-Campus	Dr. Shujat Dr. J.A. Baba Dr. Gazanfer
Training for Rural Youth during					
A	Floriculture				
1	Lawn mgmt.	Lawn making and its management on scientific guidelines	03	On-Campus	Dr. Gazanfer Dr. Rukhsar
B	Home Science/PHT				
1	Health & Sanitation	Awareness regarding good hygiene and personal health	03	On-Campus	Dr. Musarat Dr. Iffat

The following training programmes as per the approved Action Plan may be conducted during the month of March, 2021. The concerned training experts are directed to conduct the training programme in consultation with their Assistants.

FARMERS & FARM WOMEN

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Crop Production	Production Mgt.			
1		Maintaining proper spacing in maize to incorporate Green gram/ Rajmash as intercrop both in Irrigated / Rainfed areas	10	Off campus	Dr. Shujat Mr. Aijaz
B	Horticulture				
2	Orchard Management	Layout of orchards both traditional and HDP	03	Off campus	Dr. J.A. Baba Dr. Shahmawaz
3	Pollination Management	Pollination management in temperate fruit crops	03	Off campus	Dr. J.A. Baba
C.	Olericulture				
4	Production Mgt.	Popularization & Demonstration programme regarding newly released vegetable varieties of SKUAST-K	01	Off campus	Dr. Ruksaar Dr. Shujat Dr. Gazanfer
5	Production Management	Importance of underfertilized vegetables along with their nutritive values	03	Off campus	Dr. Ruksaar Dr. Gazanfer
D.	Agroforestry				
6	Plant propagation	Elm propagation and its seed management.	01	Off campus	Dr. Gowhar
E	Floriculture				
7	Landscaping	Home landscaping	01	Off campus	Dr. Gazanfer
F	Home Science				
8	Value addition	Processing of vegetables for value addition	03	On-campus	Dr. Musarat Dr. Jiffat Dr. Towseef
G	Plant Protection				
9.	IPM	Importance of Dormant oil sprays in pest management & awareness programme on pesticide spray schedule of SKUAST-Kashmir for apple disease management	07	Off-campus	Dr. Z. A. Badi Dr. Shahmawaz
H	Soil Health and Fertility				
10	Nutrient Management	Integrated nutrient management (time, dose, method of application) in fruits/cereal crops	06	On-Campus	Dr. Shujat Dr. J.A. Baba Dr. Gazanfer

1	Plant Propagation	Propagation of quality planting material	05	On-campus	Dr.J.A.Baba

VOCATIONAL TRAININGS

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Floriculture				
1	Nursery raising	Nursery raising of Annuals/seasonals on commercial scale	03	On Campus	Dr.Gazanfer Dr.J.A.Baba

TRAININGS FOR RURAL YOUTHS

The following training programmes as per the approved Action Plan may be conducted during the month of Feb, 2021. The concerned training experts are directed to conduct the training programme in consultation with their Assistants.

FARMERS & FARM WOMEN

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Horticulture Production	Propagation under Polyhouse			
B	Olericulture	Propagation techniques in walnut	03	Off campus	Dr.J.A.Baba
2	Production Mgt.	Production of early season vegetable seedling in nurseries under protected conditions	01	Off campus	Dr.Ruksaar Dr.Gazanfer Dr.Shujat
C	Agroforestry	Nursery raising techniques of forest seedling.	01	Off campus	Dr.Gowhar Dr.J.A.Baba
3	Plant propagation				

TRAININGS FOR RURAL YOUTHS

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Olericulture	Production mgt.			
1	Production mgt.	Raising of healthy vegetable nurseries under protected structures	05	On Campus	Dr. Ruksaar
B	Plant Protection				
2	Entrepreneurship development	Mushroom cultivation.	03	On Campus	Dr. Zaffar Dr. Shah Nawaz

EXTENSION PERSONNEL

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Olericulture	Vegetable cultivation under protected structure			
1	Production mgt.	Vegetable cultivation under protected structure	01	On-campus	Dr. Ruksaar
B	Animal Science				
2	Disease management	Scientific disposal of farm animal waste	03	On-campus	Dr. Raies
C	PHT and value addition				
3	Preservation	Preservation Technologies of fruits & vegetables	02	On-campus	Dr. Musarat, Dr. Iffat, Dr. Towseef

Vocational trainings during (2020-21)

S.no	Thematic Area	Title	Dur. (days)	Venue	Name of Expert
A	Home Science/PHT				
1	Women empowerment	Training on cutting & tailoring/ embroidery/ knitting	60	On-campus	Dr. Musarat Dr. Iffat Dr. Towseef
B	Olericulture				
2	Prod. Mgmt.	Raising of healthy vegetable nurseries under protected structures	03	On-campus	Dr. Ruksaar
C	Soil health and fertility				
3	Enterpriser	Setting of small scale vermi-composting unit	10	On-campus	Dr. Shujat Dr. J.A. Baba
